EXAMINER'S COMMENT

This Office Action is responsive to the applicants' amendment filed on December 2, 2005.

Allowable Subject Matter

Applicants' request for reconsideration of the rejection of the last Office action is persuasive and, therefore, the rejection of that action is withdrawn.

Claims 6-8 and 12-21 are allowed.

The following is an examiner's statement of reasons for allowance: as pointed out by applicants' argument (see remarks section page 9 and 10), the cited references fail to disclose or render obvious the claimed combination including a motor, a speed reducer comprising a sun roller, a planetary roller and outer ring having a third raceway eccentric to the first raceway of the sun roller and the second raceway of the planetary roller engages frictional contacts with the first and third raceway for transferring torque between the sun roller and the outer ring, and a gerotor pump is coupled with the speed reducer for receiving the torque at the reduced speed for pumping fluids.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Theresa Trieu whose telephone number is 571-272-4868. The examiner can normally be reached on Monday-Friday 8:30am- 5:00pm.
